

Oven Thermal Barrier

Datapaq thermal barriers can withstand the harshest industrial environments and set the industry standard in reliability. Barriers come in all shapes and sizes to suit your application.

[XL Thermal Barriers](#)

With 'black box' type ceramic insulation and special phase change heatsinks unique to Datapaq, no one makes a better barrier for the coatings industry.

NEW [EasyTrack2 Thermal Barrier](#)

Lightweight and compact. 2 hours protection at 200°C / 392°F and weighs less than 3kg / 6lbs.

[Custom Thermal Barriers](#)

Datapaq thermal barriers come in many shapes and sizes to suit your application and can protect even those high temperature applications (>300°C / 572°F).
